### Would Not suffer No Again for Fifty Times Its Price.

I woke last night with severe pain in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McDuffy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—H. Wilson, Layman, Burgin, Washburn, Co., Pa. This remedy is for sale by J. Jas. Wood & Son, Druggists.

The towboat George Shiras, which was recently struck at Lewis Island, has been released. It is in bad shape.

Howard is building four big model barges for the Huntington Towboat and Transportation Company, the first of which will be launched Saturday. They are each 300 feet long, 44 feet beam, 7 feet hold, cargo boxes, carry 1200 tons.

Mate David Gleason of the White Collar Line steamer Liane Ray shot and instantly killed Will Leckhart, a deckhand, Tuesday afternoon while the boat was on her way from Madison to Cincinnati. No attempt was made to arrest the murderer, and he is still enjoying his position on the boat. The tragedy, according to information given out from the office of the White Collar Line at Cincinnati, was the result of a fight among the deckhands. Mate Gleason interfered, and a colored deckhand struck at him with a shovel, whereupon the Mate shot him dead.

Captain R. M. Boyd and J. M. Boyd, his son, prominent Pittsburgh steamboatmen and the head of a well organized excursion steamboat company, were in Cincinnati Wednesday looking at the magnificent steamer Island Queen, with a view to building a boat as much like her as possible for the Pittsburgh excursion line. Messrs. Boyd were there expressly to see the Island Queen, and they spent considerable time on her. Captain Samuel Collins, the builder of the Queen, gave them all the information he could in the limited time they were there. They propose to build a side-wheel boat 26 feet long and 36 feet in width, the size of the largest locks on the Monongahela river, and she will have 5 boilers, and 20-horse cylinders feet long. They say they have the money ready to build the boats soon as contracts can be made, and they expect to let the contracts as soon as possible so as to get the boat by September 1st. The cost of the boat is expected to be \$50,000.
